ORG DE RAC WESTERN CAPE SAUVIGNON BLANC 2019

VARIETAL - 100% Sauvignon Blanc

VITICULTURE: Our Constantia grape to wine source was of a very low volume due to a very low yield, so we combined it with grapes grown in the McGregor area. The blending of these different wines of origins created a unique challenge and opportunity for our winemakers. This remarkably pleasant Sauvignon Blanc reflects the best attributes from both these origins.

CELLAR: The Constantia Sauvignon Blanc was transported in a refrigerated truck to the Org De Rac farm and processed after a relative short skin contact period. The other component from McGregor was quite a sturdy structured wine with a very fresh appeal. The blend from the two origins shows a well balance wine with a great fruit mouthfeel.
